Report on observation of International Year of Millets

Organized an observation of International Year of Millets by the students and teachers on 22-02-2023

Bijni College, Bijni organized an on observation of International Year of Millets on 22nd February, 2023 to share various information related to the significance of Millets in the present context. At the beginning of the meeting, the Principal Dr. Birhash Giri Basumatary informed the gathering about the Government of India observing International Year of Millets. He said that we should find out both nutritional and economical significance of Millets. The Vice-Principal addressed the meeting and advised the audience about the agricultural importance of Millets in Indian Society and different products of it. The Resource person Dipak Bhattacharyya, Asstt. Prof., Dept. of Chemistry elaborated about different categories of Millets, states of origin and its food value through a PPT Presentation. Finally, the awareness meeting came to an end by few interactions from the students and vote of thanks from Abdul Kader Hussain, Asstt. Prof., Dept. of Mathematics.
